TELEGRAPHIC.

(By Special Telegraph.)

TACOMA, W.T., June 6.—The city of
Seattle is on fire. The chief of the fire
department telegraphed to Tacoma for
help. Tacoma, Portland and Port Town-
end engines were telegraphed for. The
loss is \$5,000,000. Already one-third of
the business portion of the town is de-
stroyed. There is danger of the total
loss of the business portion of the town,
thirty-one blocks having already been
burned.

ROSEBUD AGENCY, South Dak., June
6.—Sitting Bull, the Sioux war chief, is
dying of pneumonia. There is great ex-
citement among the 900 Indians gathered
at Swift Bear's camp.

TORONTO, June 6.—The C. P. R. is
about to enter with energy on a system
of branch lines in Manitoba and the
Northwest.

OTTAWA, June 6.—Pugsley, McInnes
and Osler, promoters of the Regina and
Long Lake railway, were in the city to-
day. They say the road will be built
this season to Prince Albert. This road,
as well as others, will find it difficult to
raise money in England now, owing to
the Carquet railway exposure.

WINNIPEG, June 7.—Mr. Fletcher, C.
E., of the C.P.R., leaves next week for
Battledore. It is not improbable that the
main object of his trip has some connection
with a railway which the C. P. R.
contemplate building into the Saskatche-
wan country.

SAND HOLLOW, Pa., June 4.—One of
the greatest horrors in American history
took place at the town of Johnston last
Friday. The reservoir above the town
broke, and the immense volume of water
rushed down through the city, carrying
its living mass of freight with it. It is
estimated to-day that 8,000 lives were
lost. Whole trains of passengers were
washed away. Washington city is fairly
under water, and property to the amount
of \$5,000,000 destroyed.

WINNIPEG, June 4.—Evidently the N.
P. and Manitoba road have their eyes on
the Saskatchewan valley with a view to
tapping it. They have commissioned
Mr. T. Wastie, of Brandon, to take a
trip through that region from Birtle to
Edmonton, to make a report on all arable
land, water, etc. He will be accompa-
nied by Mr. McNaught, brother of Presi-
dent McNaught of the N. P. and M. A
gentleman well posted says that arrange-
ments between the N. P. and M. and
Great N. W. Central have reached this
stage, that the former have the option for
a specified time of purchasing the prop-
erty. This is why the N. P. and M.
are sending out a party to explore the
country.

TORONTO, June 4.—The first farmers'
excursion of this summer left here to-
night for Manitoba. There were two
trains, with 600 people.

ST. PAUL, June 4.—Tascott, the mur-
derer of Suell, is in China. Mrs. Ganiz,
Tascott's cousin, while under the influence
of liquor in San Francisco, gave it away.

CALGARY, June 4.—A railway explor-
ing party went north yesterday in con-
nection with the Red Deer valley enter-
prise. The party comprises D. G.
Neamer, representing the English capital-
ists; J. Evans, of Toronto, the Cana-
dian promoters of the scheme; also Mr.
Evans' son, H. Pandwithers and T. B.
Lafferty.

JOHNSON, Pa. June 4.—The death list
is still on the increase. Supt. Morgan,
who is regarded as a level headed man,
estimates the loss at 15,000. Pneumonia
has broken out among the refugees on
Prospect hill, and bids fair to do for a
number what the flood could not.

LONDON, June 4.—Another Jack the
Ripper case has been reported. A parcel
containing the lower portion of a woman's
body, cut in halves, was found in the
Thames this morning. Another parcel,
which contained a woman's thighs, was
picked up at Battersea.

VANCOUVER, B.C., June 4.—Sir Leonard
Tilley has arrived. He is enraptured
with the wonders of the great Canadian
west. He never had such faith in the
future of Canada as at present.

store keepers do not want to handle it at
any price.

The sheriff's sale of the Fraser property
has been postponed until the 25th of
September next.

Sergt. Bidwell left this week for Hal-
bro where he will be stationed in future,
on detachment duty.

Wm. Plaxton, M.L.A., is visiting his
constituents at Fort a la Corne and other
settlements along the river.

Johnny Macauley left yesterday for
Battledore where he will be stationed in
future in the H. B. Co's service.

The regular monthly meeting of Kinitino
Lodge, A. F. & A. M., will be held
on Thursday evening next, 13th inst.

The surveyors and their parties, who
will work on the Regina & Long Lake
road, are at Duck Lake on their way here.

J. F. Betts, M.L.A., left this week to
visit Fort a la Corne and other of the
eastern settlements in his constituency,
prior to his leaving for Regina.

District Supt. Gisborne, of the Govern-
ment Telegraph Service, is at Saskatoon
and will extend the telegraph line from
Clark's Crossing to Saskatoon.

Col. Spreat left on the stage this week
for an extended visit to the eastern Pro-
vinces. We hope that when the colonel
returns he will have improved in health.

The ladies of Ash's Convent purpose
giving two entertainments in the new
convent building on the 20th and 21st
inst, for which an excellent programme
is being prepared.

Harry Woodman has just received an
assorted lot of Blackwood Bros' choice
soft drinks, also some fine Havana Cigars.
Those who don't drink four per cent had
better give Harry a call.

H. D. Lumsden, a C. P. R. engineer,
and party arrived in town on Thursday.
They are here in connection with the
Regina & Long Lake road, but would
not say much regarding their business.

R. Wyld left on Tuesday last for Bat-
tledore with the big band of catie which
he has been purchasing here for the past
couple of weeks. He has a contract to
supply the Battledore Indian Agency
with beef.

On Wednesday evening last society at
the east end of the town was in quite a
flutter of excitement. The occasion be-
ing the marriage of Mr. And. Holmes to
Miss Neil, daughter of Mr. D. Neil,
at the residence of the bride's father.
The ceremony was performed by Rev. Dr.
Jardine amid a large assembly of friends.
After the ceremony and wedding feast
had been got through with, the young
people, and many older ones too, spent
the rest of the evening in dancing, which
was kept up till long past daylight. The
presents to the bride were many and
handsome. We wish the young couple
a many years of happiness and prosperity.

ADVICE TO MOTHERS.

of your rest by a sick child suffering

mediately. Depend upon it, mothers; there
is no mistake about it. It cures diarrhoea, regu-

tion, and gives tone and energy to the whole
system. **Mrs. Winslow's Soothing Syrup**

NEW YORK.

FRIDAY, JUNE 7, 1889.

Latest advices received indicate

that His Honor Lieut. Governor

Royal and party will arrive here

about the 28th inst.

The Hon. Mr. Dewdney is visit-

ing the Territories, and going

through to British Columbia, but it

is not stated that he will come to

the Saskatchewan. We think that

he could do more good by visiting

this section of the Territories than

by passing up and down the line of

the C. P. R.

We have received from the His-

torical and Scientific Society of

Manitoba a number of its transac-

tions for last year, among which are

the Report for the year 1888 con-

taining the President's inaugural

address, 1889. Sketch of the life of

John Tanner, a famous Manitoba

scout, by Rev. Dr. Bryce. The

abortive Fenian Raid on Manitoba

in 1881, by the Hon. Gilbert Mc-

Micken. This paper is most inter-

esting and well written, as Mr.

McMicken was on the spot at the

time and knew all the ins and outs

of the raid, his account of it is tho-

roughly reliable. The next of the

series is a paper by Dr. Bryce and

C. F. Bell, F.R.G.S., containing

original letters and other documents

relating to the Selkirk Settlement.

It is an interesting and valuable

addition to the literature of the country

But perhaps the most interesting and

valuable of all is the paper by Mr.

C. N. Bell, "Henry's Journal," cov-

ering adventures and experiences in

the Fur Trade on the Red River

haste in giving publicity thereto.

The correspondence referred to gives

an account of a mutiny in the Police

Force here during a temporary ab-

sence of Supt. Perry from the post.

It is stated that the men, goaded to

madness by Supt. Perry's ill-treat-

ment of them, broke into his wine

cellar, and after drinking all that

they could, spilled the rest, "and

claret, champagne and Burgundy

rapidly disappeared, followed by jars

and kegs of old rye. Then they

pointed all the saddles black, and

smashed things right and left." It

is a trite saying that to hear news go

away from home, and in this instance

the truth has been once more exem-

plified. The Leader, as the Regina

Journal expresses it, "has been

played for a sucker," and has been

caught. Our contemporary appears

to be ever anxious to score a point

against the officers of the Police

Force, and generally gets left. No

doubt it was owing to its propensity

in that direction that the Leader has

allowed itself to be gulled and made

a laughing stock for the public. As

to the truth of the statements con-

tained in the Leader's correspond-

ence, we will say—in language

coarse but expressive—that they are

a pack of lies. No mutiny ever oc-

curred in the Police under Supt.

Perry's command here. Supt. Perry

had no jars or kegs of rye to drink,

and there were no saddles painted

black or any other color. Annanias

would be a disgrace to his profession

in these days. The Leader corres-

pondent is entitled to first place,

with the Leader a good second.

The Leader also has an editorial on

this mutiny, in which it makes an

ignorant and unwarranted attack on

the commander of the Police here.

We know Supt. Perry probably bet-

ter than the Leader does, and al-

though we have had occasion to

criticise his actions, we feel that he

is not deserving of the abuse heaped

upon him by the Leader. There is

to-day no better officer in the Police

Force, and no better citizen of our

town. We trust that the next time

our Regina contemporary wishes to

descend to low scurrility it will not

be so hasty, but get more reliable

information as a basis to work upon

than it did in this instance.

TELEGRAPHIC.

Hon. John H. Gray, Justice of the

Supreme Court, died to-day.

HELENA, Mont., June 5.—At Silver

City, sixteen miles from here, two rob-

bers shot Operator Burrell, and probably

fatally wounded station agent Gbbast and

secured \$200,000. The sheriff's posse

which followed overtook them after a

hard ride. They refused to surrender,

firing on the sheriff's men. The fire was

returned, and both robbers killed.

LONDON, June 5.—The greatest event

of the English turf, the Derby, was run

to-day and won by the Duke of Portland's

three year old, Donovan; Miguel second,

and Eldorado third.

WINNIPEG, June 6.—A. F. Martin,

M.P.P., and Mr. McNaught, a right of

way agent for the N. P. & M. Co., leave

to-day for Battle, whence they start over

the supposed route of the Great N. W.

Co. Railway. They go to Battleford and

perhaps to Edmonton.

Boisevain and Morden have been

heavy losers by fire. Ogilvie's elevator,

at Boisevain, with 70,000 bushels of

wheat, burned.

Mitchell, May 28.—The mayoralty

contest resulted in a tie. The contest

ants were ex Mayor McKay and James

Daugherty.

Vancouver, May 29.—Dr. Webb's party

has returned from the trip to Alaska.

Raven Lake, May 27.—Crops look prom-

ising so far, but we had a very heavy

frost on the 23rd inst.; vegetables were

badly cut down, but wheat does not

show any sign of damage.

TO THE DEAF.—A person cured of Deaf-

ness and noise in the head of 29 years

standing by simple remedy, will send a de-

scription of it FREE to any person who ap-

ples to NICHOLSON, 177 McDougall street,

Vests, Norfolk Jackets, Cashmere and

Balbriggan Underclothing, white and

at very low prices.

The school trustees have at last de-

cided to supply the schools with water.

This should have been done long ago and

TERRITORIAL NEWS

BATTLEFORD.

From the Herald, May 28.
W. Williams, after trying a good many places in the east, came back to Battleford last week.

Supt. Antrobus, of the Mounted Police, who has been appointed to the command of this post, arrived from Calgary on Sunday evening. It is a good many years since he was here, and he finds many changes both in the post and in the town.

Major Cotton and his wife left for Regina on Thursday afternoon.

The trees and bushes give promise of an abundant crop of wild fruit this year.

Butter is in supply much in excess of demand, at from 25c to 30c per pound.

The Rev. A. H. Wright, of Prince Albert, preached in St. George's church both morning and evening on Sunday last.

Hugh Richardson received a large consignment of house plants from British Columbia by Monday's express. They came through in first class condition.

Green onions and other garden truck have made their appearance on the market here. The amount of land put under garden cultivation is greater than in any previous year.

The Ven. Archdeacon John A. Makay arrived from Prince Albert on Monday. He will remain here until the bishop arrives and then will accompany him on the remainder of his tour of visitation.

On Wednesday and Thursday the heaviest wind of the season prevailed and made things lively. Dust and gravel were blown around in clouds and loose articles generally were tossed about in a lively manner. Another section of the stockade and private fence came to grief but there was no general or serious destruction of property.

EDMONTON.

From the Bulletin, May 20.

The air has been very smoky for some days past, doubtless from forest fires.

Fishing is good in the river now and a great many sturgeon and salmon trout, as well as goldeyes, jackfish and suckers are being caught in nets.

A Free Press telegram from Ottawa dated May 3rd says: "Jas. Ross and A. Oudebank, contractors are here negotiating for the construction of the projected railway to Edmonton, N.W.T."

R. Logan came in from Beaver Lake on Tuesday. Waveys are more numerous there than was ever known before. It is supposed they have halted in their northern flight, expecting or knowing of bad weather to the north.

R. G. McConnell, of the geological survey, arrived on Monday's stage to examine the petroleum deposits of the Athabasca with a view of determining as far as possible their extent and value and also doubtless their southern limit.

Fires are raging in the woods about sixty miles up the river and an immense quantity of valuable timber is being destroyed. Malcolm McLeod who is lumbering for Fraser & Co., lost his shanty and camping outfit and a skidway of sawlogs. His total loss is about \$800.

REGINA.

From the Leader, May 28.

The Board of Examiners of the Board of Education will meet on the 10th June.

On Tuesday night a warehouse of the Colonization Store was burglarized and the thieves got away with a quantity of cotton.

Mr. Assistant Indian Commissioner Forget, with Mrs. Forget, are away on a trip to Fort Pelly, Mr. Forget going on business connected with the Department.

The contract for the building of the Industrial School was signed on Friday last, and Messrs. Williams & Willoughby, the contractors, are now at work on the excavations.

The "Farmer's Athletic Club" was re-organized on Saturday last, and the following officers elected: G. W. Brown, Hon. President; Ed. Cars, Hon. Vice-President; D. F. Jelley, President; W. C. Cullum, Vice President; John Balfour, Sec. Treas.

CALGARY.

From the Herald, May 22.

His Honor the Lieut. Governor accompanied by Judge Rouleau and Captain and Mrs. Gagnon, left for Edmonton by police conveyance this morning.

Mr. McGregor, of Galt, Ont., and Brandon, reached Calgary yesterday with fourteen carloads of young steers, mostly two year olds, which he purchased in the counties of Waterloo, Wellington etc., in Ontario. This is the advance guard of 2,000 head which the above gentleman is bringing up to place on the Quorn Ranch, where they will grow and fatten for two or three years, when they will be ready for shipment to England or British Columbia.

We are informed that nearly every farmer in the vicinity of Calgary has sown less or more wheat for the purpose of continuing the tests as to the capabilities of the country for raising that cereal, and that in every case the blades are looking most healthy.

A very sad death took place Sunday afternoon in the Cathedral Church of the Redeemer. After the Sunday School was over two children were brought in to be baptized, Mrs. Tilyard's and Mrs. Martin's. The latter's baby was eleven weeks old, has been ailing somewhat of late, and when the Rev. Mr. Cooper took the little one in his arms to baptize there was only the faintest spark of life left. The poor little mite passed away almost while Mr. Cooper was making the sign of the cross on its forehead. The scene is said to have been unspeakably pathetic and much sorrow is felt for the bereaved mother.

GENERAL NEWS.

Vancouver, May 28.—Dr. Webb's party has returned from the trip to Alaska.

Quebec, May 27.—The owners of the Allan line steamship have taken out a writ and summons in the Vice-Admiralty court against the owners of the Donaldson line steamship Cynthia for damages arising out of the recent disastrous collision. The amount claimed is \$20,000 sterling. The deputy marshal of the court has gone to Montreal to serve the writ.

Montreal, May 27.—The new Montmorency Cotton Manufacturing company has a capital of \$200,000. The Montreal promoters of the scheme are E. R. Whitehead, Jas. Pringle, A. F. Gault and D. Morrice.

The first passenger train over the "Soo" route leaves Montreal on Monday next at 10 a.m., and will run via Ottawa and will reach Saint Ste. Marie the following morning, and St. Paul and Minneapolis the second morning. There will be a train each way daily.

A scurrilous is caused here by the elopement of Capt. Dennison, of the Sixth Fusiliers, with a pretty type-writer engaged in the same place. He leaves a wife and six children.

Windsor, May 27.—H. M. O'Connor, of Essex Centre, had new potatoes for dinner yesterday, which he raised in his garden, and Jas. Marshall, of Tilbury, has barley in the head. These crops were never known to be so far advanced in Essex at so early a date.

Cornwall, May 27.—On Saturday afternoon while three men were engaged at work in the engine room of the steam shovel which is being used for loading ballast in the cars at Wales for grading purposes on the G. T. R. double tracks, the boiler of the engine exploded, seriously injuring two of the men, one, McIntosh, it is thought fatally.

Toronto, May 28.—The Senate of the University of Toronto last evening resolved to confer the degree of L.L.D. on Sir John Macdonald, Edward Blake, Chancellor Boyd, Oliver Mowat, W. R. Meredith, Dr. W. T. Atkins, John Haskins and John Campbell. This is the first time the University has exercised the power conferred by the federation act in conferring the honorary degree of L.L.D.

The recent discovery of a conspiracy to assassinate the Czar has struck with terror the Imperial household. The great consternation is not caused so much by the contemplated attack on the Czar, as by the fact that a strange prophecy made many years ago is now recalled. Some twenty years ago the present Czar, at that time heir apparent to the Russian throne, had his fortune told by a gipsy woman, whom he met by accident while out shooting. The gipsy, totally unaware of her casual client's exalted rank, examined the palm of his hand, and prophesied many things to him, amongst others that he should not outlive his forty-sixth birthday. It is stated that all her other forecasts have been realized, one after the other, greatly to the disquietude of Alexander Alexandrovich, who is very superstitious. The Czar entered on his forty-sixth year on the 10th March last, and has appeared to suffer from a more than usual severe depression of spirits since his birthday anniversary.

FROM CUMBERLAND GENERAL NEWS.

For the Last Time.

Chief Factor Belanger, of Cumberland district, arrived in town last week, having made the trip up by canoe. No chief factor in the service of the H. B. Co. is more widely known or held in higher esteem than Mr. Belanger. This feeling is shared alike by Grit and Tory, Catholic and Protestant, French and English. All join in giving him a hearty welcome on every occasion of his visiting our town. Consequently the news brought in by him that on his return to Cumberland he would immediately remove to take charge of another district, with headquarters at Norway House, was heard with feelings of sorrow by all. After having spent the winter of 1898 amongst us, we regretted his departure in the spring, but at that time we had his annual visit to look forward to. This removal, however, does not allow us that hope. He has gone, and it is doubtful if his duties as a chief factor of the H. B. Co. will ever again call him to Prince Albert. He was the pioneer of civilization in the north, and after a continuous service of thirty-six years, it does seem hard that social ties should have to be broken in the interests of business. It is a pleasure that his landed interests in our district are large, and we can therefore hope in the near future to see him permanently located in our midst, when his universal popularity will entitle him to our highest positions, and his countrymen, as well as the Metis, will have the benefit of his long experience as well as his ability and influence in all questions affecting their interests. During the last afternoon of his stay in town Mr. Belanger, in company with Mr. Betts, M.L.A., visited St. Ann's Convent, on which occasion he received an address from the pupils, and after a musical treat, he presented a handsome gold medal for competition in drawing. In the evening Mr. Thos. McKay and about fifty of our leading citizens entertained him at a banquet at the Queen's, and on Thursday morning he took his departure, many of our citizens having gone down to the H. B. Co. post to wish him bon voyage.

Mitchell, Gut., May 28.—The mayoralty contest resulted in a tie. The contestants were ex-Mayor McKay and Jas. Dougherty.

Paris, May 27.—Count Menabrea, Italian Minister to France, called upon M. Shuller, French Minister of Foreign Affairs, to-day, and assured him that King Humbert had never intended to visit Strasburg while the guest of Emperor William, as had been reported.

London, May 27.—The Princess of Wales received Minister and Mrs. Lincoln to-day at Marlborough house.

Mr. Henniker-Heaton, Conservative member of Parliament for Canterbury, still continues his agitation for a foreign penny post. He is engaged at present in upholding the rights of the Anglo-Indians, and incidentally those of the human race at large, to a penny postage. It is rather an anomaly that postage to India should still be five pence, and an absurdity that so many firms should be obliged to actually post their letters in France because the postage there is only half as much as from England.

Recently Agnes Robertson, former wife of Dion Bouicault, secured judgment against the actor for alimony, which he had not paid, and the court gave her permission to sell Bouicault's English copyrights. Bouicault has entered an appeal in the case, and the court prohibits for the present the seizure and sale of copyrights.

It is reported that the Cretan Assembly has passed a vote asking that the island of Crete be annexed to Greece.

There is a rumored desire on the part of the French Government to keep the exhibition going over next year. It has cost \$3,000,000, with only five months to remain open. A revolution is feared, and he idea is to stave off an insurrection by an exhibition.

In the Commons the president of the local government board nominated, and the house approved of, the select committee on colonization, consisting of seventeen members, including the president of the local government board and the under secretary for India.

The naval review at Spithead in honor of Emperor William has been fixed for August. It is expected that three monarchs will witness this review. Nelson's old war ship Victory will head the line, and the survivors of the battles fought by Nelson will be on board.

The royal commission on the treatment of prisoners has decided to examine Mr. Harrington on the subject of his experience in Irish prisons.

It is stated that the Earl of Zetland has been offered the vice-royalty of Ireland.

The steamer Servia reports passing the wreck of the American schooner David W. Hunt, Bath, Me. They searched in vain for the boats and crew.

Berlin, May 28.—The Post says that Count Herbert Bismarck, and not the Chancellor, will attend Emperor William on his visit to England.

Members of the strike committee at Bochum have been arrested and their papers seized by the authorities.

London, May 28.—London is talking only of the scandalous mobbing of the Prince and Princess of Wales at the fire brigade parade on Saturday. The crowd was perfectly good-humored, and its enthusiasm surged through all obstacles, and almost swamped the royal carriage. A royal duke was hustled, and Earle, marquises and M.P.'s were buffeted, hither and thither.

The Marquis of Dufferin has arrived to receive a presentation from the city for the conquest of Burmah. It is somewhat of a white elephant, but Dufferin is popular.

St. Petersburg, May 27.—The recent discovery of a conspiracy to assassinate the Czar has struck with terror the Imperial household. The great consternation is not caused so much by the contemplated attack on the Czar, as by the fact that a strange prophecy made twenty years ago is now recalled. Some twenty years ago the present Czar had his fortune told by a gipsy woman, whom he met by accident while out shooting. The gipsy, totally unaware of her casual client's exalted rank, examined the palm of his hand, and prophesied many things to him, amongst others that he should not outlive his forty-sixth birthday.
